

Wolf Run Solar Park

Morgan County, Illinois

Wolf Run Solar will be 140-megawatts (MW) and located approximately six miles northwest of Jacksonville, Illinois in Morgan County. The solar park will complement the area’s agricultural resources with a constant flow of income to landowners and to the public in increased tax revenue from this stable cash crop.

140 MW
ESTIMATED COMMERCIAL
OPERATION DATE **2024**

Wolf Run Solar Park’s generation will be equivalent to the average consumption of more than **35,000 of Illinois’ homes**.¹

Wolf Run Solar Park will save more than **177 million gallons** of water each year and prevents the air pollution that causes smog, acid rain, and climate change.²

Economic Benefits

\$265 million+
WILL BE SPENT IN CAPITAL INVESTMENTS

\$30 million+
WILL BE PAID TO LOCAL GOVERNMENTS

\$6.3 million
WILL BE PAID TO LANDOWNERS

Millions of dollars
WILL BE SPENT LOCALLY

Multiple permanent jobs
WILL BE CREATED

Hundreds of construction jobs
WILL BE CREATED

Wolf Run Solar Park will consist of hundreds of acres of bifacial tracking solar photovoltaic panels.

Power generated at Wolf Run Solar Park will support **Illinois' electric grid.**

Wolf Run Solar Park will **contribute to the national energy security** for the state of Illinois and the United States, helping diversify domestic supply.

Wind is the **largest source** of renewable electricity generation in the United States, **providing 13%** of the country's electricity.³

About Us

EDP Renewables North America LLC (EDPR NA), its affiliates, and its subsidiaries develop, construct, own, and operate wind farms and solar parks throughout North America. Headquartered in Houston, Texas, with 58 wind farms, nine solar parks, and eight regional offices across North America, EDPR NA has developed more than 8,800 megawatts (MW) and operates more than 8,200 MW of onshore utility-scale renewable energy projects. With more than 950 employees, EDPR NA's highly qualified team has a proven capacity to execute projects across the continent.

EDPR NA is a wholly owned subsidiary of EDP Renewables (Euronext: EDPR), a global leader in the renewable energy sector. EDPR is the fourth largest renewable energy producer worldwide with a presence in 28 markets across Europe, North America, South America, and Asia Pacific. EDPR has a robust development portfolio with first-class assets and a market-leading operational capability in renewables. These include wind onshore, utility scale and distributed solar, wind offshore (through its 50/50 JV - OW), and technologies complementary to renewables such as batteries and green hydrogen.

EDPR is a division of EDP (Euronext: EDP), a leader in the energy transition with a focus on decarbonization. EDP - EDPR's main shareholder - has been listed on the Dow Jones Index for 14 consecutive years, recently being named the most sustainable electricity company on the Index.
